Today's look at tomorrow's insurance trends

Spring, 2011

MY INSURANCE COMPANY IS "A" RATED. WHAT DOES THAT MEAN?

All insurance companies are not created equal!

An insurance company's financial strength is directly responsible for its ability to meet its policy and contract obligations. A.M. Best Company has been the industry's most respected source of insurance company ratings since 1906. Their rankings are based on a comprehensive evaluation of the company, its operating performance and its market profile.

SECURE COMPANIES are ranked as follows:

- A++ and A+Superior
- A and A-Excellent
- B++ and B+Very Good

In addition, Best ranks companies by **FINANCIAL SIZE**, from 1 through XV. For example, a company ranked as "XV" has assets greater than \$2,000,000,000 in U.S. dollars.

It's very important to know the ranking of the company you depend on to pay your claims in the event of a loss. Eagan Insurance Agency is extremely proud of the companies we represent. We place your coverage with companies whose financial strength and excellent reputations provide the confidence that your insurance will be there for you when you need it most.

INSURANCE COVERAGE REVIEWS

Several companies are returning to Louisiana or just beginning to write business here. Some will seek out your business but may not be able to honor their financial obligation.

Our Personal Lines Department is aware of the rising cost of insurance coverage. As your agent, we are reviewing your coverage before renewal to see if you qualify for placement with one of the many "A" rated, financially secure companies we represent. Please call us if you wish to discuss this vital issue.
